SUMMARY

UI/UX designer creating clear, thoughtful experiences for enterprise and consumer products. I translate user needs into product journeys, interfaces, prototypes, and design systems. Currently leading UI/UX initiatives for clean mobility products at Montra Electric, part of the Murugappa Group.

EXPERIENCE

Assistant Manager – UI/UX

Murugappa Group | Montra Electric & TI Clean Mobility | Apr 2024 – Present

- Lead UI/UX initiatives across product journeys and prototypes.
- Align user needs with business goals, refine the experience, and guide design delivery for clean mobility products.

UI/UX Designer

Onmove | Zast Logisolutions | Mar 2022 – Apr 2024

- Designed responsive web and mobile experiences informed by user research and usability testing.
- Collaborated with product teams and mentored junior designers.

Co-Founder & UI/UX Designer

CommitBit Technologies | Aug 2021 – Feb 2022

- Combined interface design with project planning, client relationships, team management, and delivery.

User Interface Designer

Appsimity Solutions | Oct 2019 – Sep 2020

- Created UI components and prototypes, tested interfaces, and collaborated with clients.

UI Designer

Chunky Brains | Feb 2019 – Oct 2019

- Designed wireframes, responsive web and mobile interfaces, and brand graphics.

UI Designer

Macwill Information Systems | Jul 2017 – Feb 2019

- Worked on user research, journeys, wireframes, and prototypes in collaboration with product teams.
